Resume Details

Objective:

To grow with and for the organization in a healthy and trustworthy environment and to strive for a mutual enriching, fruitful and lasting relationship with the organization.

Summary:

Having over 9 years of experience as a Network Engineer. Involved in configuration, troubleshooting, planning and design of MPLS NETWORK, DATACENTER and LAN/WAN infrastructure using Cisco and Juniper Routers/Switches. Have hands on experience with Windows XP/7/8/10/11

Core Networking Skills

Networking Hardware

Routers:	Cisco (7200, 3600, 2600, 2500, ASR 900, ASR 9900 & 9000 series) Juniper (ACX2200, MX104)
Switches:	Cisco 3750, 3560, 3550, 2960, 2950, 1900, N3K, N5K, N7K, N9K.
Datacentre:	Nexus Switch, Cisco Application Centric Infrastructure (ACI) VxLAN, EVPN, SD-WAN.
VMware:	Datacentre (vSphere, vCenter)

Routing

Static Routing, RIPv1, RIPv2, EIGRP, OSPF, ISIS, BGPv4 (BGP and MBGP) MPLS, MPLSVPN, IPv6, Route Filtering, Redistribution, Summarization, Segment Routing.

Switching & Bridging

Catalyst CatOS and IOS based Switches, VTP, STP, MST, RSTP+, Trunking, VLANs, Layer 3 Switches, Logical Ether Channels, IRB, and Cisco Nexus(NX-OS and ACI-OS) (VDC, VPC, VxLAN, EVPN, SD-WAN and ACI).

SDN

Fabric Discovery, Fabric Firmware upgrade, Logical and Hardware specific configuration, L2 & L3OUT configuration, Contracts and Troubleshooting.

Cisco Course Delivery Skills

Cisco Routing & Switching Courses

- Course completed CCIE from (R&S).

Cisco Security Courses

- SECURE, FIREWALL, VPN
- Cisco Service Provider Courses

General IT Skills

Software

MS-Office Package (Word, Excel, PowerPoint, Outlook etc.), Netscape Suite, MS-FrontPage, Adobe Photo Shop, Dream Weaver, Fireworks, Paint Shop, MS-Visio

Desktop Operating Systems

MS-DOS, DR-DOS, Windows XP/7/8

Professional Experience

Current company

Outworks Solutions Pvt. Ltd, Bangalore from Jan/2023-Till Now.

Client:-Axis Bank

Senior Network Engineer

- Primary responsibilities include maintenance of Axis Bank Datacenter.
- Managed the architecture and operations of Legacy Network and Cisco ACI infrastructure of Axis bank data centers.
- Responsible for the secure development lifecycle for Cisco's Nexus line of products, including Application Centric Infrastructure (ACI), Application Policy Infrastructure Controller (APIC) - Cisco's Software Defined Network (SDN) solution, as well as the Cisco Nexus 9k, 7k, 6k, 5k, 4k, & 2k.
- Great exposure to SDN and network virtualization technologies like Cisco ACI.
- Network integration and configuration on Cisco data centre & catalyst switches (Configuring and Troubleshooting and OS Upgradation of Cisco Nexus Switch N9K-(93180EX, 93180FX,9504,9508) and Cisco switch 3750(12PORTS), 2960(24PORTS))
- Design and implement legacy layer2/3 designs and datacenter designs from Clos L2/L3, vPC and/or Fabric path and IPv4 to IPv6 migrations.
- Create ACI migration plans & create L2/L3 transitions. Map traffic flows for EPGs and BDs.
- Designed ACI fabric to ensure each tenant is secured and has separation from other tenants. Use L3/L2 outs via common tenant to reduce TCAM and RAM utilizations.
- Implement High-Availability from VRRP and implement protocols from OSPF, IS-IS, BGP, VRF/Routing Instances and work with layer 2 best practices from a Data centre perspective using vPC, Fabric Patch.
- Managing internal & enterprise BGP setup by configuring and troubleshooting BGP related issues. Responsible for adding new BGP peers for remote branch offices and business partners.
- Assist clients on implementation of hardware; ensure high availability and protocols are being utilized properly from a Data Center and R/S perspective. Examples would include OTV, vDC, vPC, VRRP vs. and Routing Protocols from OSPF, IS-IS and BGP.

Reliance Projects & Property Management Services Limited-JIO, Bangalore from Oct/2021- Oct/2022.

IP CORE ENGINEER

- Primary responsibilities include maintenance of Backbone Core MPLS Network of Reliance Jio Data Center, METRO and NLD Network.
- Continuous analysis and providing guidelines to carry out link bandwidth augmentation & capacity optimization through traffic path shifting.
- Perform Network audit for corrective and preventive measures to make the managed network run "better".
- Good Knowledge & experience in a network design in ISP environment (LLD and NDD).
- Evaluated network designs and recommended ways for improving work efficiency of network.
- Providing network upgradation plan and also responsible for end to end successful completion of plan.
- Network integration and configuration on Juniper & Cisco routers (Configuring and Troubleshooting (Hardware / Software related issue) and OS Upgradation Cisco ASR 901,920-I, 920-O, 903, 9010, 9922 series Router, juniper ACX-2200 and MX-104)
- Network integration and configuration on Cisco data center & catalyst switches (Configuring and Troubleshooting (Hardware / Software related issue) and OS Upgradation of Cisco Nexus Switch N3K-3172PQ, N5K-(C5648Q and N5672), N7K, N9K-(9380 and 9508) and Cisco switch 3750(12PORTS), 2960(24PORTS))
- Deploying new services and hardware as per requirement in data center network (Installation, Configuration, Firmware upgrade & troubleshooting of Cisco ACI (SDN)).
- Port Bundling between multivendor devices such as Cisco/ Juniper in Core devices for 1G/10G/100G Links.
- Planning critical Network activities such as Migration, Aggregation of Core Network links during given downtime window.
- Extensive working knowledge in BGP,ISIS,OSPF,MPLS,LDP,HSRP,VRRP,ERPS,PTP,L2/L3 VPN in IOS,IOS-XE and IOS-XR platforms.
- Managing internal & enterpriser BGP & MPLS setup by configuring and troubleshooting BGP related issues. Responsible for adding new BGP peers for remote branch offices and business partners.
- Knowledge in various VMware suites of products involving Datacenter (vSphere, vCenter) and End User Computing.
- Deployment of Nexus 9508 at spine with 93180YC/FX at leaf.
- Designed and implemented the following features on the Cisco Nexus 9K,7K and 5K switches:VPC,HSRP,FabricPath,OTV,EIGRP,BPG,VRF,FCoE,FC,PIM,GLBP.

- Knowledge and experience of the newest technologies such as Segment Routing, Traffic engineering, DC switching, VxLAN, EVPN, SD-WAN is a plus.

Reliance SMSL Limited - JIO, Bangalore from Oct/2016- SEP-2021.

Network Operation Engineer

- Configuring and Troubleshooting (Hardware / Software related issue) and OS Upgradation Cisco ASR 901,920-I, 920-O, 903, 9010, 9922 series Router.
- Installation, Configuration, Firmware upgrade & troubleshooting of Cisco ACI (SDN)
- Configuring, Troubleshooting (Hardware / Software related issue) and OS Upgradation juniper ACX-2200 and MX series Router
- Configuring and Troubleshooting (Hardware / Software related issue) and OS Upgradation of Cisco Nexus Switch N3K-3172PQ, N5K-(C5648Q and N5672), N7K, N9K-(9380 and 9508) and Cisco switch 3750(12PORTS), 2960(24PORTS).
- Configuring and Troubleshooting (Hardware / Software related issue) and OS Upgradation of RAD L2 SWITCH ETX-203AX (6 PORT), TECHROUTES L2 SWITCH 2708F-UP, 2716-L4-UP, 2716P-DC, RAISECOM L2 SWITCH RAX11-L-4GC.
- Configuring and Troubleshooting (Hardware / Software related issue) and OS Upgradation Samsung RF device eNB (CDU and RDU), Samsung ODSC device, Airspan device 1000 velocity
- Demonstrated functioning of routing protocols such as ISIS, MPLS, LDP, BGP, ERPS, VRRP, PTP, ACCESS-LIST, QOS, COS, Wireless.
- Carried out scheduled maintenance of tasks such as JunOS up gradations, and solving other network related issues etc.

Ericsson India Pvt. Ltd. (payroll of NR Switch N Radio Services Pvt. Ltd), Bangalore from April/2015-Sept/2016 date.

Network Engineer

- Configuring, Troubleshooting (Hardware / Software related issue) and OS Upgradation juniper ACX-2200 Router
- Configuring and Troubleshooting (Hardware / Software related issue) Cisco ASR 900 series Router.
- Demonstrated functioning of routing protocols such as ISIS, MPLS, LDP and BGP.
- Carried out scheduled maintenance of tasks such as JunOS up gradations, and solving other network related issues etc.
- • Planned and configured user access policies

College

Bachelor of Engineering (Electronics and Communication)

City Engineering College, Bangalore, VTU; 2015

Soft Skills & Other Skills

Communication Skills

My writing skills, both in English and Hindi, are very good and I certainly am a clear speaker. Being comfortable speaking in front of an audience I can easily facilitate meetings and brainstorming sessions. I simply enjoy communicating with others.

Interpersonal Skills

As a friendly, polite person, with positive attitude I work well with others and in the past often have proven myself to deal with difficult situations in a careful and considerate manner.

Learning Skills

I have a high capacity for learning, pick up new skills and ideas quickly, and generally thrive on challenges. Enthusiasm and creativity give me an edge on difficult projects.

Problem Solving Skills

My analytical skills help me troubleshoot problems and uncover root causes. I am creative and tenacious.

Languages

Hindi (Mother Tongue)

English (Excellent Skills)

Personal

Date of Birth: 3rd May, 1987
