WORK EXPERIENCE

Custom Software Engineering Analyst-Accenture – Bengaluru (April 2022- Present)

- Developed and maintained Java Spring Boot applications, ensuring high performance and reliability.
- Implemented Hibernate for efficient data handling, improving database performance.
- Worked on Azure Cloud Services for deployment, monitoring, and scaling of applications.
- Implemented JUnit and Mockito for comprehensive unit testing and code quality assurance.
- Utilized Cucumber for behavior-driven development (BDD) to improve collaboration between development and QA teams.

Senior System Engineer - Infosys – Bengaluru (Nov 2019- April 2022)

- Designed and developed RESTful APIs and microservices using Spring Boot and Spring Data JPA
- Integrated third-party APIs and services to enhance application functionality.
- Conducted code reviews, mentored team members, and ensured code quality standards
- Utilized SonarQube for continuous code quality inspection and improvement.
- Collaborated with cross-functional teams to design and implement new features, enhancing overall system functionality.

EDUCATION

Bachelor of Engineering

(Electronics and Communications Engineering)
Acharya Institute of Technology

SKILLS

- Programming Languages: Java, SQL
- Frameworks: Spring Boot Cucumber
- Cloud Services: Microsoft Azure
- Web Technologies: HTML, CSS, TypeScript, Angular
- Databases: MySQL
- Version Control: Git

CERTIFICATIONS

Microsoft Certified: Azure Fundamentals (AZ-900)

Recognition

- Skills Star Award on Individual category
- ATCI Recognition - Delivery Excellence
