

Brijesh Kumar Maurya

E-Mail: mauryabrijesh.015@gmail.com

Mobile: +91-8840927340

Objective:

To pursue a challenging career and be a part of a progressive organization where I get the opportunities to enhance my capabilities while contributing to the continued growth and success of the organization.

Summary:

- Experience in coordinating as the single point of accountability to ensure that goals are accomplished.
- Troubleshooting of product issues seen in lab and field, Identify specific configurations and scenarios to reproduce defects and arrive at the root cause.
- Participated in code reviews and contributed to the development of coding standards, resulting in Improved code quality and maintainability
- Experience in planning, managing and delivering assigned activities.
- Strong problem solving skills with ability to logically break down a problem into manageable parts to solve.
- Quick learner with an ability to work independently with minimal assistance and eager to learn.

Education

- **M.Tech** in (Communication Engg.) from MMMUT, Gorakhpur University in 2018 with **7.41 CGPA**
- **B.Tech** in (Electronics and Communication Engg.) from Dr. A.P.J Abdul Kalam Technical University in 2015 with 67.2%.

Work Experience

Currently working in 'ZKTeco India - Global R&D Center' as a **Junior Firmware Engineer** from 13th September 2021 to till date.

Roles and Responsibilities

- Developing feature based on client requirement
- Understanding requirements from different stakeholders and translating these to application features
- Hardware and software-based issue analysis in existing frameworks.
- Debug root-cause and fix variety of hardware and software technical problems and work with the cross functional teams to ensure timely resolution.
- Evaluating existing applications to re-program update and add new features.

Project Worked:-

1. Antipaasback with Unregistered card enrollment feature(Oct 2023 – Till Now)

- When option is enable unregistered card number will save as id based on selected mode , without checkout should not give access.
- Tools and Technology Used: Eclipse , ARM Cortex-M, SQLite, GitLab, C-Language, Linux, Jira, Agile.
- **Role** : Firmware Developer

2. Attendance device with Breath-analyzer (July 2023 – Sep 2023)

- To integrate this device with Access control devices as per the client requirement.
- Tools and Technology Used: Eclipse , ARM Cortex-M, SQLite, GitLab, C-Language, Linux, Jira, Agile, ARM Cortex-M4.
- **Role** : Firmware Developer

3. Smart Infocom-Background Verification Integration (January 2023 To June 2023)

- Automatically registration of user's data based on users traffic (IN/OUT)
- Tools and Technology Used: Eclipse , SQLite, GitLab, C-Language, Linux, Jira, Agile.
- **Role:** Firmware Developer.

4. eSSL integration with external device(October 2022 to Dec 2022)

- Give access for specific number of user which can be defining manually.
- Tools and Technology Used : Eclipse , SQLite, GitLab, C-Language, Linux, Jira, Agile
- **Role:** Firmware Developer.

5. Time period requirement (January 2022 to April 2022)

- Created new Time Period and different punch state in device.
- Tools and Technology Used : Eclipse , SQLite, GitLab, C-Language, Linux, Jira, Agile
- **Role:** Firmware Developer.

Technical Skill Sets:

- Programming languages : C, C++,SQLite Database
- Embedded & Protocol:ARM Cortex-M, SPI ,I2C, UART, TCP/IP .
- Tools: Eclipse, PyCharm, Agile, Git/GitHub, Visual Studio, Sublime Text.
- Operating System: Windows 8/10/12, Linux distribution UBUNTU, macOS.

Certifications/Training:

- C for Beginners by Great Learning Academy.
- C++ for Beginners by Great Learning Academy.

Personal Dossier:

Address: 301, 10th cross road Aswath Nagar, Marathahalli, Bangalore.
Date of Birth: 02 Jan 1995
Languages Known: English, Hindi

Declaration:

I hereby declare that the above information is true to the best of my knowledge and belief.

Date:
