

Summary

Enthusiastic Azure .Net Developer with 3 years of hands-on experience in designing and implementing integration solutions using Azure Functions, Logic Apps and Service Bus. Proficient in C# .Net and experienced in low-code/no-code automation, RESTful APIs and Azure DevOps. Skilled in troubleshooting, CI/CD automation and collaborating with cross-functional teams in Agile environment to deliver scalable solutions.

Skills

Backend : C#, .Net Core, ASP.NET Core, web API

Frontend : HTML5, CSS, JavaScript

Database : MS SQL Server

Version Control Tools : Azure repos, Git

Test Driven Development: xUnit, Moq

Agile Tools : Azure ADO, ServiceNow

Azure Paas : Functions, Logic Apps, Service Bus

Devops Tools : Azure CI/CD, Yaml pipelines

IDE's : Visual Studio, VS code

API Testing Tools : Postman

Experience

Azure .Net Developer
Tata Consultancy Services

02/2022 to Current

- Excellent in developing durable **Azure Functions** using **C# .Net** with an **event-driven** architecture.
- Proficient in **.Net core** concepts and **OOP's** concepts.
- Skilled in integrating and consuming **RESTful API** services.
- Developed **low-code/no-code** solutions using **Azure Logic Apps** for orchestration and automating the process.
- Good Experience in working with **ADO.NET** for database operations and efficient interaction with **SQL SERVER**.
- Exposure in implementing **Test-Driven Development** with **xUnit** and **Moq** framework to create unit tests. And maintaining high code quality with **SonarQube**.
- Good experience in utilizing **Azure Storage Account** and **File Shares** for blob storage.
- Skilled in handling **XML**, **JSON**, and **EDI** data formats for efficient data exchange and transformation.
- Good knowledge in writing Database queries in **MS SQL**.
- Exposure in automating **CI/CD** Build, Test, and deployment processes using **Azure YAML Pipelines**.
- Clever in **Debugging** to troubleshoot and resolve issues efficiently.
- Good experience of working in the **Health care domain**.
- Practical experience in **Agile Development** methodologies, with a focus on iterative development.
- Good participation in client meetings for **requirement gathering** and **UAT**.
- Good Communication, **problem solving** skills with proficiency at grasping new technical concepts quickly

Education

Bachelor of Technology in civil engineering from Jawaharlal Nehru Technological university Kakinada in the year 2020
Grade : 7.5 CGPA

Project Details

- **Client** : HUMANA - Louisville, USA – **Health Care Domain**
- **Objective** : Automate the claim processing to handle average load of 1 million claims per daily basis.

Certifications

- **Microsoft Certified: Azure Developer Associate (AZ-204)**
