

SHAIK JABIVULLA

E-mail: jabivullashaik68@gmail.com

Phone: +91- 8096381234

Career Objective:

To be a part of organization that will provide me a platform for continuous growth & try to obtain a challenging position which contributes to the success of the organization by my creative and innovative skills and ideas.

Roles & Responsibilities:

- Managing, configure, Troubleshooting, installing the router, switch and firewall.
- Installation and configuration of new devices on LAN.
- Managing Cisco layer 2 and layer 3 switches, routers and firewall on the network.
- Creation of firewall policies as per the requirements on FortiGate Firewall.
- LAN/WAN operation support and new project implementation.
- Troubleshooting the network connectivity issues.
- Resolving routing and switching related real time performance issues.
- Taking care of all the technical requirements.
- Analyses complex network problems and coordinates with team for resolutions.
- Configuration and management of VLAN's, 802.1q trunks, VTP, security policies.
- ACL's management on switches and routers, managing inter-VLAN communications.
- Configuring and troubleshooting of complex LAN, WAN, VLAN and high availability solutions like HSRP VRRP GLBP, Ether channel, site to site VPN, Remote access VPN, access control list, NAT, PAT routing solution.
- Responsible for the management of security appliances and its resolution.
- VPN connectivity troubleshooting.
- Creation and implementation of new security rules on firewalls.
- Troubleshooting on routing issues on RIP, EIGRP, OSPF, IP sec VPN.
- IOS Backup & Upgrade in Routers & Switches.
- Providing L1&L2support.

Educational Qualifications:

- B tech from A.I.T.S College of management studies Jawaharlal Nehru Technological University Anantapur, Tirupati in (2023).

Training & Certification:

- Cisco Certified Network Associate-Routing & Switching (CCNA).
- Cisco Certified Network Associate-Security (CCNA).
- FortiGate Firewall.

Technical Knowledge:

- **Cisco Routers** - 1800, 2621, 2821, ASR-920, ASR-1001 series.
- **Cisco Switches** - 1900, 2900, 2960G, IE4000, 3750,3650 series.
- **Wireless Management**- Access points.
- **Windows Infra** – Computer Management.
- **Routing Protocols** - Configuring Static and dynamic routing (RIP v1/v2, IGRP, EIGRP OSPF) Protocols, Redistribution, authentication, summarization.
- **Switching Technologies** - Configuring of VLAN, Inter-VLAN routing VTP, STP, Trucking MAC binding, and Ether Channel and stacking.
- **Security** - ACL, Port security, authentication Through AAA.
- Configuring and implementing NAT, PAT, access control list configuration, object groups, Transparent firewalls and security fail over-active/standby.
- Solution of VPN with IP sec, GRE, and SSL technology.
- System administration and network administration.
- FTP, DNS, DHCP, TFTP, Terminal services.
- **Redundancy protocols** - HSRP, VRRP, GLBP
