

Mr. ADESH RATHOD

4.11+ Years Experienced Automation Test Engineer

Email:adeshrathod989@gmail.com Contact:8624037909

CAREER OBJECTIVE

Dedicated and detail-oriented Automation Test Engineer with over 4+ years of experience in designing, developing, and executing automated test scripts using Selenium and Java. Seeking to leverage my expertise in software testing, bug identification, and resolution to contribute to innovative and high-quality software solutions in a dynamic and growth-oriented environment. Committed to continuous improvement and staying abreast of the latest industry trends to ensure the delivery of robust and reliable web applications.

PROFESSIONAL SUMMARY

- 4+ years of Experience in **Automation** and **Manual** Testing using **functional testing, Non-Functional Testing, smoke, and sanity testing, regression testing, and API testing in the Healthcare domain and E-Commerce Domain.**
- Good Knowledge of **OOPS Concept, String class, and other Java Skills.**
- Strong Knowledge of **SQL queries** for validating data and **UNIX Commands** to validate server status and data, as well as Repository management on **Git.**
- Strong exposure to project management Tool **JIRA**, API testing tool **POSTMAN**, build automation tool **MAVEN**, Continuous Integration tool **JENKINS**
- Extensively involved in **Test Case Design, Test Case Review, Test Case Execution, Bug Tracking And Reporting.**
- Experience in creating **test scripts** using **selenium WebDriver** and automating test cases using **TestNG** and data- driven tests using **Jenkins** and Excel.
- Experience in working on **POM** Design pattern with **Page Factory** in **data driven framework.**
- Worked in **Agile Methodology** and Participated in **Scrum Meetings** to Discuss Project Progress
- Capable of working under time constraints in a target-oriented environment. Quick learner of new concepts and technologies. Good Communicator (Verbal and Technical) with good Presentation and reporting skill.

WORK EXPERIENCE

- Worked as Software Quality Analyst at **Advanced Infoscan Pvt Ltd Technologies** from **Feb 2019 - Aug 2022.**
- Worked as Automation Test Engineer at **NeoSoft, Pune** from **Aug 2022 - Jan 2024.**

EDUCATIONAL DETAILS

Bachelor of Technology from Mumbai University, Mumbai.

2015 - 2018

PROJECT DETAILS

Project #1

Title : Patient Health Status and Management Reports

Domain : Health care domain

Client : Health Beacon, Ireland

Description:

This project is based on management system, it records patient's medicines treatment which is Planning module in the project and when send to production generates CSV and Excel files. Which contains patient's information, hospital information and the details of medicine with treatment and stock details. This also manages the patient's stock according.

Roles and Responsibility:

- ☐ Understand the master test plan and/ or the project plan
- ☐ Generate test cases based on the requirements and other documents
- ☐ Procure or create test data required for testing
- ☐ Test software releases by executing assigned tests.
- ☐ Report defects (usually in a defect database) to the stakeholders
- ☐ Create test logs and Report test results to the stakeholders
- ☐ Developed Automation Test Scripts.
- ☐ Creating POM (page object model) and Test classes for the framework.
- ☐ Good knowledge of TestNG framework with Web driver.
- ☐ Performed parameterization to implement Data Driven framework.
- ☐ Hands-on API testing and web service testing with Postman.
- ☐ Review of Test Cases/Test Documents/UE Documents and Execution of Test Cases
- ☐ Report work progress and any problems faced to the Test Lead or Project Manager asrequired
- ☐ Performed Sanity, Functional testing, Database testing, Actively involved in System Integration Testing
- ☐ Bug tracking and reporting using JIRA

Project #2

Title : Credible

Domain : Health care domain

Description:

Credible is a web-based application based on Electronic Health Records, Electronic Visit Verification which Maintains detailed client records, including allergies, medications, and diagnoses. Allow us to View and update schedules for clients and staff in real time.

Roles and Responsibility:

- ☐ Understanding the requirements by analyzing FRS document.
- ☐ Designing Automation Test cases using Element Locators and Selenium WebDriver methods.
- ☐ Test software releases by executing assigned tests.
- ☐ Involved in daily meetings to identify issues and assign work.
- ☐ Involved in designing and Executing End to End Test cases
- ☐ Creating POM and Test classes for the framework.
- ☐ Good knowledge of TestNG framework with Web driver.
- ☐ Writing Automation Test Scripts
- ☐ Report defects to the stakeholders.
- ☐ Involved in defect Triage meeting.
- ☐ Test case management using TestRail.
- ☐ Performed Functional, Sanity, Re-testing, and Regression testing.
- ☐ Bug tracking and reporting using Azure DevOps.

Project #3

Title : MAZAD

Domain : E-Commerce

Description:

MAZAD is basically an auction management platform that will facilitate hosting and managing online auctions and direct sales. The system consists of a mobile application and web application for the end users who will be able to register, view auction assets, bid in the auctions, and purchase direct sales.

Roles and Responsibility:

- ☐ Understanding the requirements by analyzing FRS document.
- ☐ Designing Automation Test cases using Element Locators and Selenium WebDriver methods.
- ☐ Test software releases by executing assigned tests.
- ☐ Involved in daily meetings to identify issues and assign work.
- ☐ Involved in designing and Executing End to End Test cases
- ☐ Creating POM and Test classes for the framework.
- ☐ Good knowledge of TestNG framework with Web driver.
- ☐ Writing Automation Test Scripts
- ☐ Report defects to the stakeholders.
- ☐ Involved in defect Triage meeting.
- ☐ Test case management using TestRail.
- ☐ Performed Functional, Sanity, Re-testing, and Regression testing.
- ☐ Bug tracking and reporting using Azure DevOps.

TECHNICAL SKILLS

Operating Systems : Windows Family
Programming : JAVA, SQL.
Databases : SQL Server 2014, Oracle 11g
Web services : POSTMAN
Microsoft Office : Word, PPT, Excel

PERSONAL INFORMATION

Name : Adesh Rathod
Date of Birth : 19 Dec 1996
Marital Status : Single
Languages Known : English, Hindi, and Marathi
Current Address : 13B, 4th floor, B-Wing, Jairaj residency, Old Sanghvi, Pune- 411027

I hereby declare that the above written particulars are true to the best of my knowledge and belief.
