

Ajay Tiwari

Python Developer and ML/AI Engineer

Developed multiple ML models for prediction while dealing with huge amount of data which we were analyzing , to get the insights for business growth as per requirement of client. Looking forward to Work in innovative environment using more then 5.4 years of experience in Python Development & Data Analytics for customer satisfaction and better user experience.

WORK EXPERIENCE

ML Engineer & Python Developer Bristol Mayers Squibb

Syngene International - BIOCON

01/2024 - Present

- Performed Data Analysis for client using Python Libraries like Pandas, NumPy, Sklearn, matplotlib and MS SQL.
- Used Regression/Classification statical techniques.
- AWS for continuous integration of task.
- Created multiple API's using Flask by implementing RESTful API.
- Used Linux/Unix for development and debugging.
- Developing scripts for performance improvement to ensure smooth working throw-out difference releases and Visualized the data using Spotfire.

GOOGLE DATA Analyst & Python Developer

Tata Consultancy Services

07/2019 - 12/2023

- Used Agile methodologies to enhance User Experience performing CI/CD with MS SQL Database.
- Enhancing User experience by regular feedback to ensure improvement with Data Pre-processing with MS SQL.
- Used OOP's Concepts to perform Different tasks & Access.
- Developed and Validated many ML models for prediction while dealing with huge amount of data.
- Developed ML Models based on Python code for latest Production using AWS.
- Making ML Models be be much accurate to predict.

CERTIFICATES

Python Developer Certificate

Data Science using Machine Learning

Power BI Certificate

EDUCATION

Bachelor of Engineering

Oriental Institute of Science & Technology, Bhopal

2015 - 2019
