Overview

Frontend Developer with 3 years of experience building scalable web applications using React.js, Next.js, Node.js, and Express.js. Proficient in MongoDB, TypeScript, and API integration. Proven track record of delivering high-performance, secure, and scalable solutions in product-based environments.

Experience

KUSHAL TECHNOLOGIES | JUNIOR SOFTWARE ENGINEER | OCTOBER 2022 – PRESENT

Project: Pudami Stores

- Developed and maintained UI components using React.js and TypeScript for enhanced user interfaces.
- Secured application functionality with JWT and OAuth authentication.
- Handled form validations using libraries like Formik and Yup for a smooth user experience and reduced input errors.
- Optimized application performance with code-splitting and lazy loading in React.
- Built and documented REST APIs in Node.js with Zod and Swagger validations.
- Managed state and routing with Redux and React Router for seamless user interactions.
- Structured MongoDB collections and optimized data querying across microservices.
- Integrated tools such as JIRA for project management and Node mailer for email notifications.
- Assisted in cloud-based deployments ensuring scalability and reliability.
- Implemented responsive design principles, ensuring compatibility across devices and improving mobile user experience.
- Structured MongoDB collections and optimized data querying across microservices.

Education

BHART INSTITUTE OF ENGINEERING AND TECHNOLOGY | JUNE 2018 - 2022 | HYDERABAD

Skills & Abilities

- Front-End: React.js, JavaScript, Next.js, Bootstrap, Redux, HTML, CSS, Tailwind CSS, Responsive Design.
- Back-End: Node.js, Express.js, RESTful APIs, Spring Boot, TypeScript.
- Database: MongoDB, MySQL. Tools: Git, Postman.
- Programming Languages: Java, SQL.

Certification

- Goldman Sachs Certificate - Certified in practical fundamentals and system integrations.
- JSpiders Certificate - Completed Training as Full Stack Developer.
