

JUNED BAGWAN (Senior QA Engineer)

- ❖ Contact No: +91 8600622661
- ❖ Address: 46, Saad, Sahyadri Society, Waghjainagar, Ambegaon Khurd, Pune-46
- ❖ Email: bagwanjuned0391@gmail.com

CAREER SUMMARY

- Having **4+ years** of experience **Automation Testing** and **Manual Testing**.
- Worked cross-functionally in an **Agile/Scrum environment** alongside Development and Product Management to deliver high-quality solutions.
- Experience in Automating **Web Application** Testing using **Selenium WebDriver** with **Java & TestNG** framework.
- Experience in Working on **Page Object Model** design pattern with **Data Driven Framework**.
- Excellent Knowledge of **Core Java, C# & OOPs** Concept.
- Experience in Designing and implementation of **TestNG framework** as well as **BDD Framework**.
- Worked on Repository management tool like **Git** and **Azure Repos**.
- Knowledge of **Collections** and its Architecture.
- Expertise in finding **X-path** to locate web elements.
- Experience in testing **Web-based** and **Mobile-Based** applications.
- Good knowledge in **Software Development Life Cycle (SDLC)** and **Software Testing Life Cycle (STLC)**.
- Experienced in **Functional, Smoke, Sanity, Regression, Black Box** and various other types of testing.
- Proficient in **Test Design** and reviewing **Test cases**.
- Knowledge in **Test Design Techniques** like **ECP** and **BVA**.
- Experience in database validation using **SQL Server**.
- Good knowledge of **Defect Life Cycle** and **Defect Tracking**.
- Knowledge of **Ad-hoc Testing** and **Acceptance Testing**.
- Executed Test Scripts on **Internet Explorer, Fire Fox** and **Google Chrome**.
- Exposure to **Web Services, Rest API Testing** using **Postman**.
- Experience in **Azure Board** and **JIRA** for **requirement management** and **Defect Tracking**.
- Hands on experience in **Azure Pipelines** for **CI/CD pipelines**.
- Ability to work independently on multiple tasks and good team player with strong interpersonal skills.

EXPERIENCE

- Working as **Senior QA Engineer** at **Capgemini** from Dec 2023 to Nov 2024
- Worked as **Associate - RSS Products** at **Freyr Solutions** from Feb 2023 to Aug 2023
- Worked as **QA Engineer** at **Cyber Impulse Software Solutions** from Nov 2019 to Jan 2023

TECHNICAL SKILLS

- **Programming Languages** : Java, C#, SQL
- **Testing Processes** : Manual Testing, Automation Testing, API Testing, Database Testing
- **Testing Framework** : POM, TestNG, Maven, Specflow, Cucumber, Data Driven, BDD
- **DevOps Tools** : Azure DevOps
- **Test Management Tools** : Azure Board, JIRA
- **Tools** : Selenium, Eclipse, Postman, AWS, Visual Studio
- **Database** : SQL Server

PROJECT DETAILS

Project title - Cyber Risk Broking (Insurance Domain)

ROLES & RESPONSIBILITIES

- Writing test scenario and test cases with the reference of business requirements.
- Understanding of new insurance software which we are going to integrate.
- Preparation of BDD test cases and test data based on requirements.
- Conduct internal test case peer reviews.
- Execution of test cases, build testing and system testing.
- Performed various testing like Sanity testing, Smoke testing, Functional testing, Exploratory testing and Ad-hoc testing.
- Created test cases using element locators and Selenium WebDriver methods.
- Enhanced test cases using C# Programming language and Specflow tool in BDD framework.
- Execution of selenium test cases and reporting defects.
- Conducting daily Smoke testing using Automation Framework on all environments.
- Involved in regression testing using selenium.
- Performed Manual API testing using Postman.
- Involved in data base validations using SQL server.
- Participated in weekly status meetings with the team, developers to discuss open issues and communicating with onsite team.

Project title - KonnectCo (HRMS Domain)

ROLES & RESPONSIBILITIES

- Understand and analyze the requirement.
- Prepare and manage test cases on Azure Board.
- Execute test case to validate customer requirement.
- Active participation in morning status call and end of the day status call.
- Involved in reviewing test cases and send review comments to colleagues.
- Reporting and tracking of bugs on Azure Board.
- Every day EOD send test reports to team lead.
- Managing Automation pipeline using Azure Pipelines for Continuous Integration.
- Automation test execution on AWS virtual machine using Selenium grid.
- Identifying the test cases for Automation & develop Automation Test cases using JAVA.
- Designing & Implementing TestNG Framework using Selenium WebDriver.
- Creating automation scripts using JAVA programming language for newly developed modules.
- Performing Functional testing, Regression testing, Smoke testing, Sanity testing and Re-testing.
- Involved in API testing using Postman and Database validations using SQL Server.
- Prepare test plan and test summary report.
- Attend and complete training programs on time.

PROJECT DETAILS

Project title - FP Markets (Banking Domain)

ROLES & RESPONSIBILITIES

- Understand the FRS document and analyze the requirement.
- Participated in the Test case review meetings and Document Verification.
- Prepare the test cases based on requirements.
- Execute the test case to validate customer requirement.
- Involved in review test case and send review comments to colleagues.
- Prepared mapping sheet of SRS and test cases.
- Everyday sent test report to Project lead.
- Identification of defects, registering them in JIRA and reporting them to the onsite lead.
- Performing Functional Testing, Regression Testing, Smoke Testing, Sanity testing and Re-Testing.
- Validation of Expected output vs Actual output in respective database tables using SQL.
- Preparing transition document for other team members.
- Identifying the test cases for Automation & develop Automation Test Scripts using JAVA.
- Execution of selenium test cases and reporting defects.
- Designing POM Classes and Test Classes.
- Active participation in weekly/daily status calls with the client.

ACADEMIC DETAILS

Bachelor of Technology from Symbiosis Institute of Technology, Pune

PERSONAL INFORMATION

- **Gender:** Male
- **Date of Birth:** 25/03/1991
- **Nationality:** Indian
- **Languages Known:** English, Hindi, Marathi

DECLARATION

I hereby declared that the details provided above are true to the best of my knowledge.
