- **Organized** the publicity and short film Event by **PRAGMA 2k14** a National Level Technical Symposium in **Tirumala engineering college**.
- **Organizer and Volunteer** for NGO Event by **HOPE FOR CHILDREN** and **GLOBAL SUPPORT** of the organization.

Project Work:

Title: Deploying a Simple Web Application on Azure

Description: Developed and deployed a basic web application on Microsoft Azure cloud platform.

Technologies Used: Microsoft Azure, Virtual Machines, Networking, Storage, Windows Servers

Key Contributions:

- ☐ Created and configured a virtual machine (VM) on Azure to host the web application.
- ☐ Set up networking, including virtual networks, subnets, and network security groups (NSGs).
- ☐ Installed and configured a web server (IIS) on the VM to serve the web application.
- ☐ Created a storage account on Azure and uploaded the application files.
- ☐ Tested and verified the functionality of the deployed web application.

Outcome: Gained hands-on experience in deploying and managing applications on the Azure cloud platform, enhancing understanding of cloud infrastructure and services.

Extra – curricular Activities:

- I have completed training program on electronic and pc hardware from NSIC for a period of 5 month.
- Attended workshops and training sessions on Azure fundamentals and cloud computing concepts.
- Completed online courses and tutorials to enhance knowledge of Azure services.

Strengths:

- Self Confidence & hardworking.
- Positive thinking.
- Willing to learn and adapt to new opportunities and challenges.
- Dedication and discipline.
