PROFESSIONAL EXPERIENCE

Technology Analyst

Infosys Ltd

09/2022 Hyderabad

- Was successfully involved in Brownfield Implementation upgrade activity to S4 HANA for one of the clients.
- Was an integral part of ABAP team during 5 Rollout projects and 2 Support projects.
- Led ABAP team in migration from ECC to S4 HANA, ensuring timely delivery of RICEF objects for finance and sales modules.
- Took ownership of RICEF objects whichever was directed by leads and delivered it under deadline.
- Accumulated project experience of working with OData services and CDS views.
- Was onboarded as special consultant for pending adobe forms output and its related tasks.
- Gained project experience of making changes to Adobe Form with XML based interface for OTC & PTP modules.
- Connected extensively with the business along with the functional consultants to gain a better understanding of customer needs.
- Closed ABAP related tasks on or before time and ensured customer satisfaction with technical deliverables.
- Received 'Rookie of the Quarter' unit RISE award & INSTA award twice for my critical support during go-live phase and hyper care.

Executive (SAP ABAP)

Shilpa Medicare Limited

01/2020 - 09/2022 Raichur

- Played major role for handling ABAP related tasks during company code name change migration activity.
- I developed a vendor ledger report using Smart forms, which provides all the opening balances of the vendor concerning a particular period and company code, and provided the provision to send the fetched output as an attachment to the respective vendor.
- Developed a report involving mail trigger process where the payment reminder of GL accounts will be sent prior to 4 days of their due date.

Technical Support Executive

Suresh Chand Shrikant (Agro/Cotton Products agent)

01/2017 - 09/2019 Rajendra Gunj, Raichur

EDUCATION

B.E. Electronics & Communication

Navodaya Institute of Technology

05/2011 - 07/2016 Raichur (Karnataka)

SUMMARY

- I am a professional with over 7 years of experience and 5 years of extensive experience as an SAP ABAP technical consultant on S/4 HANA database.
- Successfully involved in end-to-end S/4 HANA implementations, support, and rollout projects.
- Conducted regular workshops with new graduates to impart technical knowledge, make them project-ready, and utilize their bandwidth effectively.
- Have good exposure to ABAP CDS views and the XML-based Adobe Forms interface.
- Extensively worked on reports, interfaces, Adobe forms, and smartforms; user exits; ALV's; module pool techniques; and BDC's.
