

Praval Shetty

Software Engineer

I am a passionate Software Engineer with 2.5+ years of experience in Django development. I excel in managing product lifecycles using Docker and CI/CD pipelines. My expertise includes server configuration, product demos and Debian OS. I have created IVR flows and integrated Whatsapp, Email and dialer via APIs. I manage client relationships, gather requirements, and facilitate discussions. My skills include MySQL reporting, task automation with shell scripts, and analyzing issues.
