

RASHMI BOPCHE

Test Engineer @ LGSOFT India

Phone: +91 9158301047 | Email: rashmibopche1995@gmail.com

CAREER OBJECTIVE:

Highly skilled and motivated Test Engineer with expertise in manual testing, seeking a challenging position to contribute my technical proficiency and problem-solving abilities to ensure the delivery of high-quality software solutions.

SUMMARY:

- Nearly 3 Years of Experience in IT industry with Specialization in Software Quality Assurance with **Manual Testing** Currently Working as Test Engineer.
- Involved in various types of testing like **Functional Testing, Non-Functional, Mobile Testing, Android Testing, Multimedia Testing, Integration Testing, System Testing, Smoke Testing, Regression Testing, Retesting, Compatibility Testing, Reliability, Performance Testing** and various other Types of Testing.
- Extensive experience in end-to-end testing of Mobile Devices (Android) and TV WebOS.
- Proficient in **Bluetooth testing, Wi-Fi testing (IPv4 & IPv6), Media testing** etc.
- Familiarity with **routers, switches, and port forwarding**, enabling effective testing of network-related functionalities in applications.
- Good understanding of Networking protocols, as well as a basic knowledge of the TCP/IP suite (Ethernet, VLAN, IP, ICMP, TCP, UDP, DNS).
- Proficient in working with **Windows, Mac OS** and **Linux environments**, adapting to different technical setups and configurations
- Strong working experience with virtualization technologies VMware, ESXI, KVM.
- Strong in Software Development Life Cycle **SDLC**, Software Testing Life Cycle **STLC** and **Bug Life Cycle**.
- Knowledge of **Test Plan, Traceability Matrix**.
- Knowledge of **Writing Test case, Reviewing Test case** and **Executing Test Cases**.
- Experience in ADB Command's, Shell commands, Luna command's etc.
- Proficient in overall Defect Management/Problem solving including **Tracking bugs** and reporting using **HP ALM, Quality Center** and **Jira**.
- Experience Working in Agile Environment.
- Excellent interpersonal skills, proven team player with an analytical ability bent to problem solving and delivering under high stress environment.
- Ability to adopt new methodologies, tools and technologies and domains depending on the job responsibilities.

PROFESSIONAL EXPERIENCE:

Currently Working as **Test Engineer** at **LG Soft India** (Under Duru Cooperation Payroll), Bengaluru from April 2022 to Till Date

PROJECT SUMMARY:

Project Title: LG Mobile and LG TV WebOS Testing.

Role: Test Engineer

Organization: LG Soft India Pvt. Ltd

Duration: April 2022 – Present

Responsibilities :

- Led the testing efforts for LG Mobile and LG TV products, ensuring the delivery of high-quality software solutions to meet customer expectations.
- Collaborated with cross-functional teams, including developers, product managers, and business analysts, to understand project requirements and define comprehensive test plans.
- Developed and executed manual test cases to validate the functionality, usability, and performance of LG Mobile and LG TV applications.
- Conducted regression testing to ensure the stability and compatibility of LG Mobile and LG TV applications across different devices and platforms.
- Actively participated in defect tracking, troubleshooting, and resolution, working closely with the development team to ensure timely bug fixes.
- Collaborated with stakeholders to identify potential areas for process improvement, resulting in enhanced efficiency and productivity of the testing team.
- Prepared comprehensive test reports and communicated test results to the project team and stakeholders, highlighting critical issues and recommendations for improvement.
- Kept abreast of the latest industry trends and emerging technologies in mobile and TV testing, actively sharing knowledge and best practices with the team.

Key Achievements:

- Received recognition for identifying critical defects in the early stages of testing, saving valuable development time and ensuring a high-quality end product.
- Played a key role in the successful release of several LG Mobile and LG TV products, contributing to customer satisfaction and positive feedback.

TITLES and AWARD RECEIVED:

- ✓ **“HERO OF THE MONTH”** Award – Detected Critical issues in OSU projects, Learnt Reliability Test in Short Time & has become a Capable Member for Automation, Compatibility, and Benchmarking Test Activities.
- ✓ **“STAR OF THE MONTH”** Award – High Standard of Delivery, Extended Support for Activities like Scripting, Issue Reproduction & Troubleshooting.
- ✓ **“HIGH Achiever AWARDS 2022”** Award – Delivering the Highest quality assurance in every release and protecting the customer journey.

EDUCATION:

- **Master of Computer Application (CS & IT)** From JAIN University June 2022 – June 2024
- **Bachelor of Science (CS)** From RTM Nagpur University June 2018 - June 2021

TECHNICAL SKILLS:	
Primary Skills - Manual Testing, Automation Testing, Python, Mobile Testing, TV Testing, Infotainment Testing	Functional Testing , Non Functional, Mobile Testing, Android Testing, Integration Testing, System Testing, Smoke Testing, Regression Testing, Retesting, Compatibility Testing, Reliability, Performance Testing, Software Development Life Cycle (SDLC), Software Testing Life Cycle (STLC), Test Plan, Writing Test Case, Test Cases execution, Verification, Validation, Agile Methodology, Jira, HP ALM, Quality Center, Traceability Matrix, Testing Concepts, Test Methodologies, Scrum, etc
Languages:	Python (Basic)
IDE:	PyCharm, Visual Studio Code, Eclipse.
Bug Tracking Tools:	JIRA, HP ALM/QC (Quality Center).
Operating Systems:	Windows, Mac OS, Linux, Ubuntu, Android, Ios

KEY STRENGTH:
✓ Eager to learn new things. ✓ Patience & dedicated towards the work. ✓ Adaptive in different environments.
