PROFESSIONAL SUMMARY

Experienced Technical Writer with 5 years in the software industry, adept at producing clear, concise, and comprehensive technical documentation. Proficient in a variety of tools including Office Suite, Oxygen XML (DITA XML), MS Visual Studio, OmniGraffle, Jira, Confluence, Snagit, and VersionOne. My extensive portfolio, consisting of over 1000+ highly regarded technical documents, showcases my commitment to quality and precision. Well-versed in MSTP and structured authoring using DITA, I excel in creating user-friendly documentation within Agile environments. Seeking to leverage my expertise and dedication to deliver exceptional technical writing for your organization.
