

Ranjith Kumar

Email: ranjithkumar.m0980@gmail.com

Mobile: 7995514784

Professional Summary:

- Having 5+ years of total technical experience focused on development of software applications, responsive web design with java and J2EE technologies.
- Good experience in developing various applications using JAVA/J2EE technologies like Java, JDBC, Servlets, Jsp, Spring IOC, Spring MVC, Spring boot, Hibernate, Restful Services, Design Patterns.
- Working experience in Apache Tomcat Web Server and Web Logic Application server.
- Ability to Manage and deliver results on multiple tasks by effectively managing time and priority constraints.
- Interacting with the users for system study, requirements gathering, analysis and scoping.
- Having Experience in SOAP, REST Web Services using JAX-RS API.
- Having knowledge in Object Oriented Programming.
- Contributes to the productivity of the organization through on-time completion of projects associated with meeting departmental objectives.
- Experience in developing front-end User Interfaces using JSP, HTML, CSS, JavaScript, Angular, React JS, JQuery.
- Having experience in using and implementing Design Patterns.
- Having good experience in Spring boot, Micro Services and Spring frame works.
- Working exposure on IDEs like Eclipse, IntelliJ.
- Good experience in multi-threading with core java and advanced java.
- Exposure to Agile Methodologies and JIRA.
- Having good work experience with SQL database.
- Handling various technical aspects like requirement gathering, preparing specifications, product documentation, monitoring critical paths & taking appropriate actions.

Academic Details:

- Completed **B. Tech** From **Jawaharlal Nehru Technological university , Anantapur.**

Professional Experience:

- Working as a Software Engineer in **Mphasis** from Dec 2019 to till date.

Technical Skills:

- Java
- JDBC, Servlets and JSP
- HTML, CSS, Java Script, Angular, React JS.
- Spring, Spring boot, Micro services, Node JS
- Hibernate, JPA, SQL, AWS
- Tomcat, Web Logic, Web Sphere
- Spring MVC, Spring ORM, Spring IOC
- Eclipse, IntelliJ
- JAX-WS, Restful
- Log4j, Maven, Jenkins, Kubernetes, Kafka, GIT, Jira, J unit.

Projects:

3#Project Name	Tata AIG General Insurance Company Limited
Duration	Oct 2023 to till date.

Description:

Tagic has made a mark in the industry by launching several innovative products and services over the years. Today Tata AIG General Insurance Company Limited core strength lies in 3 product categories, ie Travel Insurance, Marine Insurance and Liability and the company aims to be the most preferred General Insurance Company in the industry.

Environment:

- Java
- Spring, Spring Boot, Micro services, Spring IOC
- Eclipse IDE, JPA, Angular, Node JS
- Maven, Git, Jira Application, Tomcat
- Jenkins, Junit, AWS, Rest API.
- Multi-Threading, SQL Database.

Responsibilities:

- Implementing on Spring Boot and Micro services.
- Implementing written Service and Repository interface along with their implementations.
- Injected the Repository into service classes using Spring IOC pattern.
- Getting the Requirements from the requirement analysis and Bug Tracking tool JIRA.
- Analyzing the requirements and understanding the requirements by preparing Requirement Understanding Document.
- Experience in developing highly interactive web applications utilizing Angular.
- Implementing on Spring Data JPA and Restful web services.
- Good experience in developing the single-page applications using Angular.

2#Project Name	Staff Expense Claims System
Client	PIL (Pacific international Lines) Singapore.
Duration	July 2022 to Sep 2023

Description:

This system is intended to facilitate the electronic application of all staff expenses claims that were previously submitted via payment vouchers reimbursement.
In brief electronic on-line application for all expense claims, electronic approval of all staff expense claims, Electronic on-line filing and approval of all non-claimable expenses incurred by travelling staff.

Environment:

- Java, J2EE, Spring, Spring MVC, ORM, Angular
- HTML, CSS, Java Script, React JS, JSP, AWS, Node JS
- Visual Studio, GIT, Junit, Oracle, Eclipse

Responsibilities:

- Implementation of Web Pages in JSP using Java Script for validations.
- Implementation of Web Pages using JSP and HTML.
- Implement the code as per design. Developed business logic.
- Develop the site and integrate the dynamic pages with the static designs.
- Used Spring Framework for Dependency injection.
- Implementation of Web Pages in JSP using Spring Form Tag Library.
- Involved in developing JSP forms and navigation using View Resolver.
- Used Spring Hibernate for Querying data from the database.
- Involved in developing Controllers using Spring MVC.

1#Project Name	RCX (Regional Communication exchange)
Client	Citi Bank
Duration	Dec 2019 to June 2021

Description:

The RCX project was initiated with a view to migrating the existing RCS application to a J2EE based platform with enhanced processing capabilities, reliability and scalability. RCX acts as the hub where inputs files come from many sources like Citi Direct, Mercury systems, Once the files are transmitted to RCX, they go through various checks, which include customer verification, format and product verification, and country rule validations and finally, output files goes to Flex Cube for further processing.

Environment:

- Java, Spring, Spring boot, JPA
- Micro Services, Collections, Algorithms
- Maven, Jenkins, Rest API, Eclipse, Struts,
- Postman, Junit, Tomcat, Postman.

Responsibilities:

- Involved in writing the Spring boot, Spring Data JPA.
- Involved in deployment on DEV and ST, MODEL Environment.
- Doing the Code reviews.
- Involved in analyzing and providing solutions to Data power issues.
- Coordinated the Onsite, Offshore teams for Requirements, development, deployment and delivery.
- Participated in discussions with the Onsite team.
- Involved in the designing of activities.
- Involved in business logic implementation code.
- Involved in Implement in Restful web services.

Personal Details:

DOB: 29 Jan 1998

Martial Status: Single
