SUMMARY

Dynamic compliance leader with extensive experience at BT Group, adept at ISMS (ISO 27001) implementation and regulatory risk mitigation. Proven track record in delivering impactful compliance solutions and fostering stakeholder relationships, ensuring audit readiness and successful outcomes. Skilled in compliance reporting, driving continuous improvement while optimizing resource utilization.

EXPERIENCE

Senior Associate Lead, 10/2021 - Current

BT Group - Kolkata, West Bengal

- Spearheaded the alignment of client compliance requirements with tailored solutions across regulatory, security, and quality domains, ensuring adherence to ISMS (ISO 27001) standards and internal policies.
- Independently managed complex compliance challenges, exercising sound judgment, and seeking leadership support only for high-impact issues to maintain business continuity.
- Developed and maintained comprehensive compliance documentation, audit trails, and process maps to ensure audit readiness and sustained compliance.
- Applied robust assurance methodologies to deliver credible evidence during audits and compliance reviews, contributing to successful audit outcomes and regulatory certifications.
- Delivered clear, concise compliance reports to internal and external stakeholders, empowering data-driven decision-making and strategic alignment.
- Built and nurtured strong relationships with clients, auditors, and cross-functional teams to foster a culture of trust, compliance, and continuous improvement.
- Proactively monitored evolving compliance landscapes, incorporating regulatory changes into internal policies, and ensuring up-to-date risk mitigation practices.
- Evaluated commercial and operational effects of compliance strategies, pinpointing opportunities to minimize costs and enhance resource efficiency without sacrificing standards.

Associate Engineer, 06/2019 - 09/2021

BT Group - Kolkata, India

Implementing best practices for SOA deployment.
Defining business requirements, and recommending technical approaches.
