

PROFESSIONAL SUMMARY

Experienced Software Engineer with 6+ years of experience, with 5+ years in AUTOSAR, having keen interest and practical exposure in the field of AUTOSAR Software Development, especially Operating Systems and Microcontrollers, BSW and Integration. Excellent reputation for resolving problems, improving customer satisfaction, and driving overall operational improvements.

SKILL SETS

- **Tools and Technologies:** Visual Studio, Enterprise Architect, GIT, CANoe, Scaled Agile Framework (SAFe), EB Tresos, IBM DOORS, IBM RTC, SVN, K-SAR
- **Languages:** C, Embedded C, Assembly
- **Microcontrollers:** Tricore family (TC2x/TC3x), ARM family (Cortex R5/A53), Renesas family (RH850 series)
- **Compilers:** GCC, GHS, Tasking, Hitech, IAR
- **Debuggers:** Trace 32 Lauterbach, Multi GHS, WinIdea I-Systems, Xilinx SDK, Segger Ozone

EXPERIENCE

- **Mercedes-Benz Research and Development, India** Bangalore, India
Senior Engineer March 2022 - Present
 - Function Owner (FO) for AUTOSAR Operating systems
 - Integration of Global Time Synchronization modules
- **GlobalLogic, A Hitachi Group Company** Pune, India
Associate Consultant, Engineering Jun 2021 - March 2022
 - Development of Complex device driver for charging the vehicle at specified time slots
 - Development of software component and integration for Drivers attention for drowsiness assistance
 - Development of software component and integration for Parking air conditioning
- **KPIT Technologies Ltd** Pune, India
Technical Leader October 2020 - Jun 2021
 - Resolving critical redmines, bugs and provide support to team for the product development
 - Developing operating systems, supervising daily operations, identifying training needs, and assessing performance of team members.
 - Work closely with clients to establish problem specifications and system designs
- **KPIT Technologies Ltd** Pune, India
Senior Software Engineer October 2019 - September 2020
 - Designed and developed AUTOSAR Operating Systems for different microcontroller base e.g. Infineon Aurix Tricore series (TC2X/TC3X), ARM cortex R5, Renesas RH850 series
 - Writing code for OS development in embedded C, Xtend
 - Hands on experience in using different debuggers like TRACE32 by Lauterbach, WinIdea by I-Systems, Multi GHS. Also having experience of using different compilers like GHS, Tasking, Hitech, IAR, GCC
 - Conceptualized Architecture design using Enterprise Architect Tool
- **KPIT Technologies Ltd** Pune, India
Software Engineer September 2018 - September 2019
 - Experience in development on embedded C platform with MISRA C compliance

- Collaborated on all stages of systems development lifecycle, from requirements gathering to production releases
- Develop code fixes and enhancements for inclusion in future code releases and patches
- Experienced in Agile development environment

- **KPIT Technologies Ltd** Pune, India
Software Developer Intern July 2017 - September 2018
 - Developed and implemented global time synchronization for ECUs over FlexRay communication network. In this project, central time base will be distributed to individual ECUs through FlexRay communication cluster
 - Documented all software development methodologies in technical manual to be used by software developers in future projects
 - Prepared test plans and test cases based on AUTOSAR software specification documents
- **Mahatma Gandhi Mission's Jawaharlal Nehru Engineering College** Aurangabad, India
Associate Professor July 2015 - August 2016
 - Taught diverse student population by employing various learning styles and abilities
 - Utilized innovative methods of instruction, including video, interactive class activities and discussions to present course material
 - Tracked student assignments, attendance and test scores and entered into online database to provide real-time progress monitoring

EDUCATION

- **College of Engineering, Pune** Pune, India
Master of Technology in Electrical Engineering (Embedded Control Systems); CPI: 8.64 Aug. 2016 – Aug. 2018
 - **Dissertation:** AUTOSAR BSW Product Development for Global time synchronization over FlexRay
 - Actively participated in 2 day workshop on "Embedded Systems" Organised by College of Engineering Pune(COEP)
 - Actively participated in 3 days "Research Scholars' Conclave-2017" Organised by College of Engineering Pune(COEP)
- **Walchand College of Engineering** Sangli, India
Bachelor of Technology in Electrical Engineering; CPI: 7.64 Jul. 2010 – May. 2014
 - **Dissertation:** Design of high speed frequency relay for Alternator protection
 - Elected to "President" of Astronomy Club of WCE, Sangli in 2012
